Local Event Finder Backlog							
Members:	Erik Hein, Guadalupe Ramirez Lara, Sai Manaswini Avadhanam, Victoria Le				Ū		
Task	Description		Member	Status	Start Date	Complete Date	Comments
User Authentication	Login functionality	2	Guadalupe Ramirez Lara	Completed	10/7/2024	10/26/2024	Basic functionality done, no beautification yet
User Authentication	Registration/Signup functionality		Guadalupe Ramirez Lara	Completed	10/26/2024	12/5/2024	working on UI, beginning DB to hold Usernames and Passwords
User Profile	Creation and updates to profile, save events		Guadalupe Ramirez Lara	Completed	10/23/2024	12/8/2024	
Event Discovery	Users can browse events based on location, date, and event type		Erik Hein	Completed	10/6/2024	12/9/2024	Have found some API to search for events
Search	Implement keywords for popular events		Sai Manaswini Avadhanam	Completed	10/12/2024	12/9/2024	Researching implementation options for event search functionality and exploring APIs for better keyword search integration
Filters	Implement filters for date, location and category/type of event		Sai Manaswini Avadhanam	Completed	11/23/2024	12/9/2024	Currently analyzing filter options for date, location, and category to design user-friendly filtering capabilities.
Event Details	Create detailed event pages with location, time, description, etc		Victoria Le	Completed	10/10/2024	11/27/2024	working on layout and implementation
Event Management	Design and implement backend system for managing events		All	Completed	10/26/2024	11/30/2024	
Location Service Integration	Allow for seeing nearby events based on location, map and navigation integration		All	Completed	10/13/2024	11/12/2024	
Event Reminders	Implement notifications for upcoming favorited events	2	All	Not Started			
Event-Sharing	Implement sharing feature for users to share events with others	2	All	Not Started			
UI Design	Designing intuitive user interface		All	Completed	9/30/2024	10/30/2024	https://www.figma.com/design/MXpvFaG9IU6Mb19frtRvk3/AroundU?node-id=0-1&t=NLYpgQVPWG8F8Ykr-1
Home Page	Displays nearby events, button for search and user profile		Victoria Le	Completed	10/10/2024	12/8/2024	working on layout and implementation
User Profile	Displays-favorited-events, user information		Erik Hein	Completed	11/8/2024	12/6/2024	
Event Discovery Page	Displays a more comprehensive list of events, organized by categories, date, location		All	Completed	10/22/2024	11/5/2024	working on layout and implementation
Search Page and Results	Displays a search bar and then list of relevant events		Erik Hein	Completed	11/09/2024	11/29/2024	
Event Detailed View	Displays event information, users get to this page by clicking on events		Victoria Le	Completed	11/8/2024	11/14/2024	layout and basic functionality, google maps api
Settings	User account info, profile picture, etc	4	Victoria Le	Completed	11/27/2024	11/29/2024	
Menu Bar	Page navigation		Erik Hein	Completed	11/6/2024	11/10/2024	
Wireframes	Creating mockup of app for user testing		All	Completed	9/30/2024	10/10/2024	https://xd.adobe.com/view/6cded847-d492-4d01-a1e2-03fc9909691a-398d/
User Testing	Usability tests		All	Completed	12/9/2024	12/9/2024	
Unit Testing	Tests for features and functionality		All	Completed	12/9/2024	12/9/2024	
Create Bitbucket Repository	For organizing files and code collaboration		Victoria Le	Completed	10/14/2024	10/14/2024	
User Flow	Outlining user interactions and navigation		Erik Hein	Completed	9/23/2024	9/28/2024
